## EDUCATION

---

**University of Michigan | Ann Arbor, MI**

**August 2023 – Expected Graduation: May 2027**

Bachelor of Science in Information Analysis, GPA: 3.9/4.0

- Relevant coursework: Data-Oriented Programming, Web Design, Development, and Accessibility, Applied Statistical Methods II
- Michigan Women Empowerment in Sport & Entertainment (Mentor & Communications Chair)

## WORK EXPERIENCE

---

**Michigan Men's Ice Hockey | Ann Arbor, MI**

Head Student Manager

**July 2024 – Present**

- Manage a team of 4 student managers; coordinate schedules, delegate tasks, and ensure smooth execution of daily responsibilities
- Lead equipment logistics for 16+ road games, coordinate packing of 40+ bags and trunks to ensure readiness
- Facilitated \$300K+ apparel and equipment procurement by tracking restock needs in Teamworks Inventory Management System and contributing to forecasting of future equipment requirements

Analytics Intern

**July 2023 – Present**

- Build advanced Tableau player cards for 4,400+ players across all major North American junior leagues and NCAA programs, enhancing recruiting evaluations and enabling data-driven decision-making
- Expanded data collection pipeline by integrating Sportlogiq API and building automated Python and SQL workflows to retrieve and process player data, reducing manual entry time by 75%
- Deliver player cards to coaching staff for recruiting presentations, highlighting player development and supporting Michigan's top 10 recruiting classes in 2024 and 2025 with 10 NHL draft picks
- Scout opponent special teams weekly by analyzing 20+ game clips, insights contributed to Michigan Hockey's NCAA-leading 33.6% power play success rate in 2023-24 and top 10 ranking in 2024-25

Student Equipment Manager

**September 2023 – July 2024**

- Maintained, repaired, laundered, and distributed equipment for 30+ players and staff, resolving real-time issues during practices and games
- Coordinated video setup, in-game tracking, and post-game review with Director of Operations, including tagging 40+ key events to generate actionable insights for team and player evaluation
- Developed time management skills by balancing 30+ hours of work per week with 14+ academic credits

**Michigan Football | Ann Arbor, MI**

**January 2026 – Present**

Student Equipment Manager

- Maintained, repaired, laundered, and distributed equipment for 100+ players and staff, resolving real-time issues during practices and games
- Learn and follow team protocols for equipment handling, organization, and upkeep

**Syracuse University Women's Soccer | Syracuse, NY**

**February 2023 – April 2023**

Analytics Intern

- Collected and validated Playermaker wearable device data for 20+ athletes to track training load
- Cleaned and organized Excel datasets to support Tableau visualizations and injury prevention models
